to the public should be a plain major head statement of the Rev. & Sep.ve portion including Capital Sepr heads but excluding debt heads. This last it is not desirable to publish as it may give to outside people ~~information~~ about our investments &c. The grouping & lumping of heads in the statement as submitted by the Comptr is not desirable.

2) There is something to be said against increasing the Gazette matter just at present when paper is scarce & printing costly. ~~We do not desire that we should publish the statements in the Gazette~~ But the statement will be published only once a month & will not occupy more than a page. The Comptr's proposal as modified above may therefore be sanctioned.

3) It will be necessary to point out to the Comptr that the publication of belated statements of this kind gives rise to criticism & that when once the statement begins to be published it should appear punctually in the Gazette in which it is done.
